**FOR IMMEDIATE RELEASE**

**CAMCORP TO EXHIBIT AT BAKINGTECH 2020, March 1-3**

**Lenexa, Kansas, March 4, 2020** --- CAMCORP designs pneumatic conveying and bulk material handling solutions that can be standard or modified to fit any application. As exhibitors at BakingTech 2020 in Chicago, IL, they will showcase pneumatic solutions for applications where automation of minor ingredients provides a high level of repeatability and accuracy.

In addition to sharing their design and engineering experience, experts will also be available to discuss other solutions that improve production efficiency, provide quality control, and reduce labor costs.

“CAMCORP customers appreciate our comprehensive know how in all areas of dry bulk material handling systems,” says Tom Leach, Pneumatic Conveying Sales Engineer. “Our solutions include vacuum and pressure pneumatic conveying systems, minor ingredient automation, dust collection, and dehumidification systems.”

Attendees can stop by CAMCORP booth #211 at the Hilton Chicago where engineering experts will be available for inquiries and discussions on pneumatic conveying applications. With nearly three centuries of combined experience, CAMCORP experts have tackled every application and realize there isn't a one-size solution fits all.

###

**About CAMCORP**

CAMCORP dust collection and bulk material handling solutions can be standard or modified to fit any application. With nearly three centuries of combined experience, our experts have tackled every application and realize there isn't a one size solution fits all. Passionate, hard-working employees and in-house manufacturing experts take pride in and stand by their work. Not only do we design, build, and support reliable air pollution control and bulk material handling equipment, we also build trust in all that we do. Air filtration and pneumatic conveying needs are ever-changing. At CAMCORP, we promise to continue to find new, affordable solutions for your clean air and bulk material handling challenges. CAMCORP becoming a member of the Scheuch Group is just one way to honor that promise. North American customers have local access to highly-respected European air pollution control and bulk material handling system technology. Keeping the air clean and bulk material handling efficient is no small task. It takes collaboration and team work. You can trust CAMCORP and Scheuch to be your partners in supporting a clean-air environment. To learn more visit [camcorpinc.com](http://camcorpinc.com) for more information.
